

WE WANT YOUR BUSINESS

Follow these four easy steps to get the most for your dollar.

- 1** Send us a valid enquiry through the normal channels on our website
- 2** Read our response, look at our costs, see what you get included
- 3** If we tick every box then confirm your booking. However if you are interested and we have not fulfilled your brief, then e-mail us back and tell us what we need to do to get your business; Simple! Maybe a couple of extras thrown in, a reduction in cost, price matching, a backdrop? All we ask is be reasonable and be as specific as possible. We will then consider your requests and do what we can to cater for you (even if this means both parties compromising) and then e-mail you back
- 4** You are happy and book.

A simplified set of steps, ensuring we aren't left wondering why we didn't get your booking if that is the case. Of course not every request can be catered for, but we will always try our best and is mostly determined by business levels, seasonal trends, supplies available and margins!
