

HAVE YOUR OWN FUN FILM DAY

Would you like to STAR in your OWN short film? YES

Have we got an event for you; this is how it works:

- Everyone splits into groups with parts allocated for directors, producers, star actors, extras, researchers and so on.
- Extra bonus points are achieved throughout the day through challenges; winners of these challenges will benefit by getting costumes, backdrops, better locations etc.
- Groups will then go off to make their creations working together to create a masterpiece.
- Over lunch everyone keeps discussing scripts, plots and characters then the real fun begins.. The filming.
- After the afternoon of fun, films are handed in and watched by everyone over dinner.
- Once all of the films have been watched and scored by the participants, an Oscars Ceremony will take place for best film, best actor/ actress, best supporting role etc.

EVERYONE is involved in this interactive fun filled challenge in some capacity and EVERYONE will talk about it for weeks to come.
