

# HAVE YOUR OWN MURDER MYSTERY

Do you want the most interactive and unique night possible? Do you want to be someone else for a night?

If YES then a Murder mystery event is for you. It is an opportunity for everyone to become someone else for the night and become involved in a storyline with NO SCRIPTS where everyone is a suspect.

- Before the event, character descriptions will be sent out.
- On the night Intrigue, jealousy, scandal and outrageous behaviour will occur before a murder takes place. Once this has happened the investigation begins and everyone has more objectives to achieve.
- Written evidence is presented for all to review and then the accusations fly as to who people think was the murderer!

This event is overseen and run by our host within any room, house, function space or venue. We cap off the night by handing out trophies for Best Dressed, Most Profitable Person and Overall Winner.
